

Recorder Group

Festival of Instrumental Music

In 2008 a select group of recorder players, 10 in all, practise every week to learn 3 pieces of music.

They spend a great amount of time practising, rehearsing and learning their parts before they join other schools from all over the state to perform at the Sydney Opera House.

It will be a memorable and exciting evening for all the children and their parents, an event they'll remember for a lifetime.
