

HOCKEY

Illawong Public School participates in hockey at various levels. It has a Boys' State Hockey Knockout team which is coached by Kevin Connelly, president of Sutherland Hockey Club. He has successfully coached Illawong teams that have won this competition several times or reached the finals consistently, including 2005. Each year we are invited to participate in the Sutherland Gala Hockey Day. Our senior and junior teams have won or been runners up in this competition. The Summer Hockey Competition is popular with all our students ranging from beginners of all ages to experienced players. It is played after school at Sutherland Hockey Field against other teams in the district. Some of our students assist with refereeing and have continued their participation at a Club level.

ENGADINE PSSA

Illawong Public School participates in the Engadine Primary School Sports Association (PSSA). In summer we have boys and girls softball, girls t-ball and boys cricket, in winter we have teams in netball and soccer. These teams compete against other Engadine schools on Friday mornings.

Illawong Public School also competes in swimming, cross country and athletics carnivals.
